Supplementary figure S2

Overall survival
- Experimental: 0.977 (0.634-1.507)
- Control

Disease-free survival
- Experimental: 0.974 (0.654-1.45)
- Control

Locoregional recurrence-free survival
- Experimental: 1.019 (0.618-1.524)
- Control

Distant metastasis-free survival
- Experimental: 0.913 (0.596-1.397)
- Control
