Supplementary Figure Legends

Supplementary Figure S1

Structure of SK-216.

Supplementary Figure S2

PAI-1 expression in subcutaneous tumors of (A) LLC or (B) B16 cells excised from PAI-1<sup>−/−</sup> mice. Brown staining was only observed in the tumor of LLC cells. Scale bar = 100 μm.

Supplementary Figure S3

PAI-1 expression in subcutaneous tumors of (A) siControl LLC cells or (B) siPAI-1 LLC cells excised from PAI-1<sup>−/−</sup> mice. Brown staining was observed in the tumor of siControl LLC cells but scarcely in that of siPAI-1 LLC cells. Scale bar = 100 μm.
