Scope
Molecular Cancer Therapeutics publishes translational research studies focused on the discovery and preclinical development of therapeutic agents for oncology. To reflect the evolving field of therapeutics, the journal’s interest extends to all selective drugs including small molecule inhibitors, antibody–drug conjugates, antibody cytokine fusions, bispecific antibodies, cell therapies, gene therapies, radio-immunotherapeutics, vaccines, viral therapies, and other experimental approaches in oncology.

Molecular Cancer Therapeutics is abstracted and/or indexed in Current Contents/Clinical Medicine, MEDLINE, Science Citation Index, Scopus, and Web of Science.

Submission of Manuscripts
Online manuscript submission is welcomed at https://mct.msubmit.net. Before submitting a manuscript, please read the Instructions for Authors, which is available from the Journal’s home page at https://mct.aacrjournals.org.

Publication Charges
Articles will be published with the understanding that the author(s) will pay both a publication fee plus a display item fee. For more detail, please see the Publication Fees and Reprints page which is available at https://aacrjournals.org/content/authors/publication-fees-and-reprints.
